C. DO-24-0102A, Deborah Hudak, DO

Dr. Hudak was not present for the consideration of the matter, however, Dr. Hudak’s legal counsel, Matt Cates, was virtually present. Mr. Cates stated that he has been unable to get in touch with Dr. Hudak but did speak with someone from her office who advised Mr. Cates that Dr. Hudak was out of the state due to a family situation. Mr. Cates requested a continuance of the Investigative Hearing.

The Board granted a continuance. The case will be rescheduled for a future meeting.

D. DO-24-0084A, Trever Wilkins, DO

Dr. Wilkins was present virtually during the Board’s consideration of the matter. Dr Wilkin’s legal counsel, Michael Ryan, was also present.

Board staff provided a summary of the case.

This complaint came to the Board as a malpractice that alleged Dr. Wilkins prescribed medication that caused the patient to aspirate. According to Dr. Wilkins the first CT scan was interpreted incorrectly and if the CT was interpreted correctly then Dr. Wilkins would have initiated emergency surgery. The Board’s medical consultant felt Dr. Wilkins fell below the standard of care by prescribing certain medications that may have been contraindicated given the patient’s condition at the time.

Dr. Wilkins stated that after the patient was assigned to him, he evaluated her and during his evaluation made the decision to prescribe a medication that should have been taken slowly but instead the patient took a larger dose. Dr. Wilkins stated that he has learned not to anchor too much of his diagnosis based on what was done before him as well as communicating better with the patient.

Upon hearing the summary of the case and review of the provided materials, the Board made a motion to issue a Non-Disciplinary Letter of Concern for limited charting and not recognizing the deterioration of the patient and therefore did not modify the care plan.

E. DO-24-0089A, David Jensen, DO

Dr. Jensen was present virtually during the Board’s consideration of the matter.

Board staff provided a summary of the case.

The complainant stated that it seemed Dr. Jensen’s only goal was to get her on Suboxone. The complainant was already on Oxycodone and was advised by another provider not to go on Suboxone. The complainant was treated by telemedicine or telephone several times in 2024 and only saw the complainant once in person in June 2024. It was felt Dr. Jensen may have fallen below the standard of care due to only seeing the patient once in person and there was a lack of adequate documentation.

Dr. Jensen provided a summary of this medical education and his current work. Dr. Jensen stated the patient was worried because she was starting a new job and wanted to be able to better manage her pain. Since the patient was using pain pills “around the clock”, Dr. Jensen felt Suboxone would be a good option for her since he has successfully tapered down other patients from their pain medication. Dr. Jensen stated that the patient was very challenging and always had excuses for why she needed her pain medication early. Dr. Jensen stated that he had tried to do an in-home visit several times but those attempts were not successful.

Upon hearing Dr. Jensen's summary of events, the Board made a motion to move to Executive Session for Legal Advice pursuant to A.R.S. § 38-431.03 (A)(3).
