**5. REVIEW, DISCUSSION, AND ACTION ON INVESTIGATIVE HEARINGS PURSUANT TO A.R.S. § 32-1855 (E).**

A. DO-24-0052A, Paul Dillaway, D.O.

Dr. Dillaway was virtually present during the Board's consideration of the matter. Dr. Dillaway was not represented by legal counsel. Board staff provided a summary of the case.

The complainant is the Special Agent Office of the Criminal Investigations of the FDA. Board staff was notified that Dr. Dillaway purchased foreign, unapproved medical products containing Dysport & Botox that were delivered to his home address in Arizona. Dr. Dillaway stated to the FDA that the patients were aware of the use of non-FDA approved products as this was reflected in the price. Board staff reviewed medical charts and it was not clear who was administered the products and if patients were aware. Dr. Dillaway stated that he was trying to buy the products as cheaply as he could and was not aware this was illegal at the time.

Dr. Dillaway provided a summary of his training and work history. Dr. Dillaway stated that only a small number of patients knew about the non FDA approved products but does not have documentation to back up this claim. Dr. Dillaway stated that he does not have any argument for the findings in the investigations and immediately discarded all non FDA approved products. Dr. Dillaway expressed remorse and did not understand the legality of what he was doing.

Upon hearing the summary of the case and review of the provided materials, the Board made a motion to issue a Decree of Censure with 40 hours of Continuing Medical Education in Record Keeping, Ethics, and Prescribing citing violations of statute.

**MOTION: Vice-President Shipon motioned for the Board to issue a Decree of Censure with 40 hours of Continuing Medical Education in Record Keeping, Ethics, and Prescribing citing violations of A.R.S. § 32-1854 (5), (6), (12), (19), (21), (27), (31), (35), (39), (45) & §32-3208.**

**SECOND: Dr. Walker**

**VOTE: 5-aye, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

**B. DO-24-0087A, Semone Rochlin, DO**

Dr. Rochlin was present virtually during the Board's consideration of the matter. Dr. Rochlin was represented by legal counsel, Flynn Carey. The complainant, V.K. was also present virtually.

Board staff provided a summary of the case.

The Complainant is patient V.K. and stated she was outraged Dr. Rochlin had two male students in the operating room without her verbal or written consent. V.K. also stated that Dr. Rochlin performed liposuction in areas that were not discussed as well as other medical procedures that left V.K. looking different than what they had discussed. V.K. also advised the Board about chronic back pain she is now experiencing due to the procedures. Along with V.K.'s complaints, the Board's Outside Medical Consultant, who reviewed the medical records, noted a lack of documentation from Dr. Rochlin as well.

Dr. Rochlin provided a summary of her education and work experience. Dr. Rochlin advised the Board that she had to deviate from what was discussed with the patient due to discovering the patient had a ruptured implant and that required a different procedure. Dr. Rochlin also stated that the patient signed all consent forms including a document stating that unforeseen conditions may require Dr. Rochlin to use her best judgment and perform a different procedure. Dr. Rochlin continued to explain to the Board what procedures were done. Dr. Rochlin also stated that she always introduces her medical students and if for some reason she does not, they know to

introduce themselves and furthermore, it is her belief that there is no requirement to obtain consent from the patient to allow medical students in the operating room.

V.K. stated she initially went to see Dr. Rochlin because she had been feeling sick for several years and felt one of her implants was leaking and wanted to get them replaced. V.K. stated that Dr. Rochlin insisted on performing a breast lift, however, V.K. did not want to do this due to the scars it would leave. Dr. Rochlin assured V.K. that she would do a procedure that would not leave huge scars. V.K. also stated that she confirmed this on multiple occasions and was once again assured that Dr. Rochlin would not perform any other procedure than what was discussed. V.K. informed the Board that she was not aware, nor did she give permission, for the medical students to be in the operating room.

Dr. Rochlin's legal counsel, Flynn Carey, stated that any intraoperative adjustments made by Dr. Rochlin were within the Standard of Care and the main issue for the Outside Medical Consultant was documentation and not the procedure itself.
